

WVC BOYD CAT Diesel Tech Scholarship Application

This scholarship is an award provided by BOYD CAT and administered by Wabash Valley College (Mt. Carmel, IL). Selected high school senior(s), graduates, or post-secondary students residing within a fifty-mile radius of Evansville, IN can receive scholarship awards to pursue a post-secondary diploma in diesel engine and/or heavy equipment technology at Wabash Valley College.

Scholarship award:
Two Year Award: Diesel Engine and/or Heavy Equipment Technology tuition and books up to \$1,500 per year (\$750.00 per Fall & Spring semester for 2 years)

The scholarship also offers the recipient paid summer internships ** and cooperative work experience at identified BOYD CAT facilities during the term of the program. The ultimate goal is full-time employment upon completion of the program if business conditions support the addition of personnel.

The award is based on academic achievement, character excellence, and career potential. The application is to be submitted by April 1, 2022. The award announcement will be made by the end of May 2022.

*maintaining scholarship from first to second year will be made upon completion of the first year of scholarship and summer work intern activities. KCTCS scholastic achievement and intern work performance will be determining factors.

**Summer internships will be available pending favorable business conditions

BOYD CAT WVC Diesel Tech Scholarship Eligibility Criteria

The following guidelines are strongly focused on during selection but they are flexible. Guidance Counselors who encounter possible applicants with strong career potential, but are outside of some guideline(s) may submit an application. Upon submission of such an application the counselor must provide a reference letter as to why the applicant should be considered. However, in all cases the final decision as to application review, testing, interview and award will be made by the selection and award committee.

The applicant for the BOYD CAT scholarship must fulfill the following guidelines:

- 1. Academic Achievement:** A 2.5 cumulative GPA calculated from the tenth, eleventh and first half of grade twelve.
- 2. Attendance:** A 90% attendance average for the tenth, eleventh and first half of grade twelve.
- 3. Character Excellence:** Provide at least two character reference letters from individuals relating to the applicant --- maximum of one from a teacher and the other from a non-school reference (no family or student references).
- 4. Career Potential:** Submit a minimum of one page typed, double spaced statement including the applicant's occupational objectives and interests in the diesel/heavy equipment field. Student should also include community and high school activities, work activities and other information deemed appropriate.

The candidate must be willing to attend a selected KCTCS program and complete work experience* at a BOYD CAT location, unless alternate methods are agreed on due to unusual circumstances.

The candidate must be an applicant as a full-time student in diesel engine and/or heavy equipment technology program at the selected KCTCS facility. Applicable KCTCS entrance testing must be taken, acceptable scores received and any necessary KCTCS application fees paid prior to submission of scholarship application and packet.

Pre-employment testing** by BOYD CAT must be taken and acceptable scores achieved to qualify for scholarship assistance.

The scholarship remains in effect so long as the student maintains a 3.0 cumulative GPA, makes satisfactory progress in class, work activities and is not subject to any disciplinary action.

*Summer work internships at BOYD CAT will be available pending favorable business conditions

** Scholarship candidates must achieve acceptable scores on standardized pre-employment tests that are required of all BOYD CAT shop & field service employment applicants.
